PRODUCT LIST

Product	Chemical Name / INCI Name / Description
1. Acidulants	
Citric Acid Anhydrous	Citric Acid
2 Aloe Vera Powders	
Aloe Vera Gel Freeze Dried Powder (100:1 & 200:1)	Aloe Vera
Aloe Vera Gel Spray Dried Powder (100:1 & 200:1)	Aloe Vera
3. Apiarian (Bee-keeping) Products	
Honey Extract COS	Especially light coloured Honey extract for easy use in all kinds of skin and hair care products.
Propolis Extract COS	Carefully produced Propolis extract in ethanol. Especially known for its bacteriostatic properties.
Royal Jelly Extract COS	Especially carefully produced extract from the special nutritive jelly for queen bees.
Swiss Flower Honey Extract PG (PF)	Honey produced by bees which collect nectar from Swiss meadow flowers.
4. Aroma Chemicals and Fine Chemicals	
Wide range of aroma and fine chemicals are available	Detailed list available on request.
5. Aromatherapy Products	
Absolutes	Detailed list available on request.
Concretes	Detailed list available on request.
Carrier / Vegetable Oils (Fixed / Edible Oils)	Detailed list available on request.
Floral Waters	Detailed list available on request.
Essential Oils (100% Pure and Genuine)	Detailed list available on request.
Essential Oils (Commercial Grade - Natural)	Detailed list available on request.
Essential Oils (Commercial Grade - Nature Identical)	Detailed list available on request.
Essential Oils (Spray Dried Powder Form)	Detailed list available on request.
6. Balsams	
Wide range of balsams are available	Detailed list available on request.
7 Botanical Actives	
GU-61 Standard Herbasol Complex	Natural combination of active agents for general skin care and anti-acne products. It has bactericidal, fungicidal and anti-inflammatory properties.
DEO Herbasec MPE (powder)	A concentrated complex of cloves and hyssop developed as a pure botanical active for deodorants.

	Product	Chemical Name / INCI Name / Description
	Rooibos Herbasec MPE (powder)	A concentrated extract of Rooibos acts as a free radical scavenger, anti-irritant and anti-inflammatory agent. It has been tested independently for its activity on improving hair growth & condition.
	Sebostat Herbasec MPE (powder)	A concentrated synergistic complex of Watercress, Horsetail and Nettle, ideal as a pure botanical active in sebum regulating products for both skin and hair care.
	Collagen Stimulation Factor MAP	Nano-encapsulated stabilized Vitamin C. Claims substantiation for stimulation of production of skin's own collagen. Improving skin elasticity and reducing wrinkles.
8	Botanical Extracts	
	Herbamilk (paraben-free)	Natural plant emulsions with exceptional stability, incorporating plant oils and extracts with a plant-derived emulsifier system.
	Herbasec Extracts	100% plant derived dry powder extracts. Pastel-coloured, water-soluble, solvent-free and unpreserved on a pure plant-derived GMO free maltodextrin.
	Herbasec MPE	Dry powder extracts extracted with unique dual phase extraction process to produce extracts containing polar, semi-polar and non-polar plant actives.
	Herbasol Complexes	Plant extract mixtures in Propylene Glycol / Water.
	Herbasol Distillates	Water based plant distillates, colour free.
	Herbasol Extracts (paraben-free versions available)	Plant extract in Propylene Glycol / Water.
	Herbasol Extracts IPA	Plant extract in Isopropyl Alcohol.
	Herbasol Extracts Oilsoluble	Plant extract in Isopropyl Myristate or different plant derived oils.
	Herbasol Fruit and Herbal Vinegars (paraben-free)	A selection of fruit & herbal vinegars optimised for cosmetic use.
	Herbasol Fruit Nectars	Stabilized, clear transparent, liquid concentrated fruit extracts in Water and Propylene Glycol.
	Super Herbasol	Aqueous-glycolic plant extracts in high concentration.
	Preservative-free extracts	We have the following preservative-free options: 80% Propylene Glycol; 80% Butylene Glycol; Oil Soluble Extracts and Herbasec Dry Extracts.
	Paraben-free extracts	i) All standard propylene glycol-based extracts are now available in paraben-free versions. ii) Glycerine extracts preserved with potassium sorbate.
	Glycol-free extracts	Available in Herbasol Glycerine extracts and Herbasecs.
	Organic Extracts	A limited range of organic extracts offered as Herbasec. Other organic plants and product forms are available upon request.
	Outback Spirit Botanicals	Based on the sustainable harvest of Australian fruits and plants from pristine wilderness regions in an ethical partnership with Indigenous enterprise.
9	Carotenoids	
	Beta-Carotene	Beta-Carotene
	Lutein	Lutein
	Tomato Lycopene	Lycopene
10	Colours / Dyes	
	Colours - Water Soluble	Detailed list available on request.
	Colours - Solvent Soluble	Detailed list available on request.
	Colours - Insoluble	Detailed list available on request.

	Product	Chemical Name / INCI Name / Description
11	Depigmentation Products	
	Depigmentation Factor Bioflavonoids	Skin whitening product consisting of citrus bio-flavonoids encapsulated in nanospheres. Fractionation produces high concentration of hesperidine, eriodictyol & narigenin. An independent in vitro evaluation has shown it totally inhibits tyrosinase activity & this pigment formation to same extent as hydroquinone.
	Depigmentation Factor 2U	Highly active, plant-derived combination for the reduction of unwanted hyper pigmentation. The product reduces effectively, without any skin irritation, the melanocytes and the melanin concentration in the skin. Unpreserved.
12	Fatty Acids	
	Stearic acid triple pressed	Stearic acid
13	Fatty Alcohols	
	Cetyl Alcohol (FAC16)	Cetyl Alcohol
	Stearyl Alcohol (FAC18)	Stearyl Alcohol
	Ceto-Stearyl Alcohol (FAC1618)	Cetostearyl Alcohol / Cetyl Stearyl Alcohol / Cetearyl Alcohol
14	Face mask	
	Matalgin PLF	White peel-off face mask powder.
	Mask Blue Cool	Blue peel-off face mask powder with menthol (cooling agent).
15	Flavours	
	Wide range of flavours for all type of markets	Detailed list available on request.
16	Fragrances	
	Wide range of fragrances for all type of markets	Detailed list available on request.
17	Fruit Acids / Flower Acids	
	Alpha Hydroxy Acids AHA	Concentrated mixture of Alpha Hydroxy Acids in typical combination found in plants in the alpine region. Used as a "peeling" agent for skin and hair.
	Apple AHA	Concentrated combination of Alpha Hydroxy Acids as found in ripe apples.
18	Glycols	
	MPDiol Glycol	Methyl Propanediol
	Propylene Glycol, USP	Propylene Glycol
19	Guar Derivatives	
	Guarsafe JK-140 (Jaguar C-14-S equivalent)	Guar Hydroxypropyl Trimonium Chloride
	Guarsafe Soft 6 (Jaguar C-162 equivalent)	Hydroxypropyl Guar Hydroxypropyl Trimonium Chloride
20	Gums	
	Wide range of gums are available	Detailed list available on request.

	Product	Chemical Name / INCI Name / Description
21	Herbs and Spices (Dried form)	
	Wide range of herbs and spices are available	Detailed list available on request.
22	Humectants	
	D-Sorbitol	Sorbitol
	Glycerine 99.5% USP	Glycerine
23	Lipids	
	Avocado Oil COS	Oil component for skin cosmetics. Particularly for the treatment of ageing / mature skin.
	Avocado Oil W	Water-soluble oil component. Solubilizer for essential oils.
	Carotolino	An oily extract from carrots in oxidation stabilized Canola Oil.
	Jojoba Oil W	Is recommended as a refatting component in shampoos, hair conditioners, bath preparations, lotions, etc.
	Olive Oil W	Water-soluble oil component. Solubilizer for essential oils.
	SAL Complex	Skin analogue lipids. Lipids, vitamins and trace elements from Swiss milk for general skin care due to its refatting properties.
24	Marine Products	
	Marine Fish Collagen	Collagen
25	Moisturising Agents	
	Acacia 'Collagen'	A plant-derived skin moisturiser with a similar structure to human collagen.
	D - Panthenol / Dexpanthenol / Pro-Vitamin B5	Panthenol (Liquid type)
	DL - Panthenol	Panthenol (Powder type)
	Hydrocos P	An active moisturizing additive for use in cosmetic creams, etc. Formulation is based upon a match of the NMF in the skin. Formulated with a reduced content of electrolytes for improved compatibility with emulsions / creams.
	Oryza Soft COS	Oily / waxy Rice extract for improving the smoothness of the skin surface, moisture-retaining activity and an astonishing cooling / refreshing activity.
	Sodium Hyaluronate (1% Solution)	Sodium Hyaluronate
26	Natural / Edible Oils	
	Virgin Coconut Oil	Coconut Oil - is the healthiest and most versatile oil in the world.
27	Natural Skin Abrasives	
	Apricot Abrasive	Prunus Armeniaca (Apricot) Seed Powder
	Jojoba Abrasive	Simmondsia / Buxus Chinensis (Jojoba) Seed Powder
	Olive Pit Abrasive	Olea Europea (Olive) Seed Powder
28	Non-Botanical Natural Products	
	Silk Extract COS	Especially produced silk extract to add a touch of luxury to any products. Also available in ethanol and as a powder.

	Product	Chemical Name / INCI Name / Description
	Cosmepearl N	Made from micronised fresh water pearls coated with jojoba oil to add a touch of luxury to personal care products. Contains natural moisturizers in the form of a wide range of amino acids and protein complexes.
29	Oleochemicals	
	IPP (98%)	Isopropyl Palmitate
	IPM	Isopropyl Myristate
	MCT Oil	Medium Chain Triglycerides Oil
	GMS 40SE	Glyceryl Mono Stearate (Self - Emulsifying Grade)
30	Oleoresins	
	Wide range of oleoresins are available	Detailed list available on request.
31	Perfumery Specialities ("Augaflores")	
	Wide range of perfume concentrates are available	Detailed list available on request.
32	Phytogenic Actives	
	Anti-Irritant-Complex I	Active substances obtained from liquorice root, chamomile flowers and panthenol for the treatment of sensitive and damaged skin.
	Antidandruff Usnate AO	A plant-derived anti-dandruff agent for shampoos. The active ingredient is Usnic acid, extracted from an alpine lichen.
	Deo-Usnate	A natural deodorant active. The product is water-free and has its application in deodorants, foot care preparations, etc.
	Flavonoid Complex SC	Concentrated, multi-functional active from <i>Ginkgo biloba</i> leaves. Is an effective free radical scavenger and stimulates cell growth.
	Phytoderm Complex G	A specially purified complex from liquorice root. Claims substantiation as an effective anti-inflammatory and anti-irritant agent.
	Wheat Placenta COS	Highly active concentrate of wheat bran. Plant-derived alternative to foetal calf serum. Claims substantiation for cell stimulation & regeneration.
33	Phytosterols	
	Beta-Sitosterol	Beta-Sitosterol
	Phytosterol	Phytosterol
	Phytosterol Ester	Phytosterol Ester
	Stigmasterol	Stigmasterol
34	Proteins, Phytoproteins and Milk Proteins	
	Lacto Pro (Milk Proteins)	Milk proteins from Swiss milk in highly concentrated form.
	Oat Protein COS	An aqueous-glycolic extract from oat grains and concentrated on Proteins.
	Wheat (Gluten-free) HerbaProtein	High purity, wheat protein hydrolysate obtained by an enzymic digestion process. Water-soluble, preservative-free, gluten-free and 100% plant-derived.
	Yoghurt Protein COS GBU	High molecular weight protein from Swiss yoghurt.

	Product	Chemical Name / INCI Name / Description
35	Resinoids	
	Wide range of resinoids are available	Detailed list available on request.
36	Salts	
	Pink Rock Salt Powder	Pink crystalline rock salt from Pakistan's famous Salt Mines in powder form.
	Pink Spa Salt	Pink crystalline rock salt from Pakistan's famous Salt Mines in crystal form.
	PDV Salt	Pure Dried Vacuum Salt
	Refined Salt	Refined Sea Salt
	Sel des Alpes (Swiss Alpine Salt)	Prehistoric, mineral-rich salt originating from deposits deep in the Alpes Vaudoises in Switzerland. Additive-free, extracted with Swiss spring water.
	Solar Salt	Coarse Sea Salt
	White Spa Salt	White crystalline rock salt from Pakistan's famous Salt Mines in crystal form.
37	Slimming Agents	
	Slimming Factor Karkade	A botanical active derived from <i>Hibiscus</i> with independent lab data indicating efficacy in inhibiting lipogenesis or fat storage in cells.
38	Terpenes / Terpeneless	
	Wide range of terpenes / terpeneless are available	Detailed list available on request.
39	Thickening Agents	
	Xanthan Gum 80 Mesh	Xanthan Gum
40	Vitamins	
	Vitamin Concentrate oilsoluble	An oilsoluble multi-vitamin complex for use in many different cosmetic creams, oils, etc.
	Vitamin Concentrate watersoluble	A watersoluble multi-vitamin complex for use in many different cosmetic products.
	Vitamin E	D-Alpha Tocopherol
	Vitamin F	Different derivatives of several essential unsaturated fatty-acids (so-called 'Vitamin F'). It is available in: oil, water soluble form or glycerin ester.
41	Miscellaneous	
	Essential Oil Bottles Complete With Insert & Cap	Available in 5ml, 10ml, 20ml, 30ml, 50ml, 100ml and 150ml.
